Dear CTI:

I had the pleasure of meeting Jeremy in the fall of 2011 when he was a student in my course, Principles of Sustainable Management, at Presidio Graduate School. Jeremy quickly impressed me with his maturity, thoughtfulness and insight. I have since hired Jeremy to be a teaching assistant for the course in the fall of 2012.

My experience with Jeremy as a student, and now a member of the teaching team, has helped me to see that he is a very intelligent and passionate individual. He contributed frequently in class, demonstrated advanced presentation skills and was a clear leader in the eyes of his peers. His contributions in class helped to advance the course learning goals and enrich the environment and quality of discussion on a regular basis.

As a result of his leadership in the class, I asked Jeremy to join the teaching team as a TA next semester. He will be responsible for presenting material to the class and working with the students to further their learning goals. I am confident he will make a good addition to the team.

I have spoken with Jeremy about his passion for leadership and I am impressed and pleased that is seeking to apply them to the field of sustainability.

Based on my experiences getting to know Jeremy and his work over the past year, I recommend him highly as a candidate for leading the Co-Active Leadership training program. Please don't hesitate to contact me if I can provide additional insight into Jeremy's qualifications for the position.

Sincerely,  
Audrey Davenport
