STREET COACHING

**As part of International Coaching Week, join us for a "Street Coaching" activity.**

Let's showcase our skills, competencies and enthusiasm as professional coaches and let's work together to offer free introductory coaching sessions (15 to 20 minutes) to Montrealers. Our goal is to increase awareness and educate the public on the importance of working with a trained and certified coach as well as recognizing results and progress that can be achieved through the coaching process and experience.

Our day will also include interactive games which will be lead by the facilitator-coaches. Fun times, professionalism and awareness await us all!

**When:** Monday May 19th 2014, 10 am to 4 pm.

**Where:** Montreal, location to be determined (Old Port/ Old Montreal, permit request has been submitted)
