

What We Are The Co-Active Network is an online community gathering place for coaches, and people who are interested in coaching and leadership, to come together. It is a free service provided by The Coaches Training Institute, and one does not have to be a student or graduate of CTI to participate. Industry thought leaders often lead discussions here. It is a great way to be connected to what is cutting edge in the field. Get yourself plugged in!

Our Purpose We serve our members in exponentially spreading the mindset, skillset and impact of Co-Active Coaching and Leadership. Our goal is to transform entire industries, social systems, and individual lives with the aim of the betterment of humankind. The network also exists to support every member in achieving his/her greatest vision for Co-Active Coaching and Leadership in the world.

Members Come Together To create learning, share resources, cultivate alliances, develop opportunities, and build community niches to forward and enhance the lifelong process of human learning, effectiveness, and fulfillment.

Member Privileges There are a comprehensive set of privileges available to all Members of the Co-Active Network. All Members receive a Basic Member Profile that can be searched and accessed by other members, full use of community discussion boards where questions and commentary can be posted, access to the communities' online resource libraries, and the opportunity to participate in exclusive Network-sponsored live and virtual events.

As a thank you from CTI, members who have participated in our programs receive an added level of privilege in the form of an in-depth, Enhanced Member Profile which is linked to the advanced search function on the network.

Community Organizers receive an additional set of benefits in appreciation for their efforts. These include additional visibility, promotional opportunities and a dedicated website and resources within the network to support their community.
