TO WHOM IT MAY CONCERN

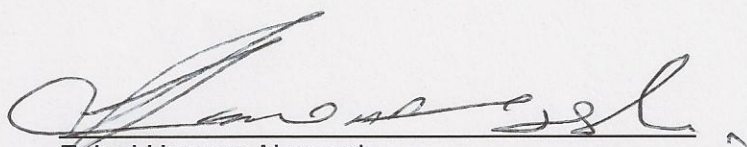

I have had the honor and privilege to meet and work with Ms. Caroline Cutinha over the last 20 years. As a young graduate from college, she was sent by our auditors to work on a challenging assignment. I was impressed with her leadership, dedication and commitment that I engaged her in several projects in our group (Faisal Alsayegh Group of Companies) and our family businesses (Alsayegh Family) over the years in Dubai, United Arab Emirates.

Caroline is an extremely knowledgeable and dedicated individual. In the last 22 years, I found her to be dedicated, sincere, and extremely trustworthy by all those who come into contact with her. She inspires her colleagues and friends with her sense of honor, integrity and humor. She is a reliable team player and very supportive to her team

Caroline is an extremely energetic person, full of ideas, very open-minded and dedicated to her job and passion to help others. She has strong leadership abilities and easily motivates and connects with the people around her. Her leadership style is extremely effective as a result of which we have entrusted our children to her for special guidance into their future careers.

She has built an open and honest relationship with our children and created a safe environment where they are comfortable enough to approach her with any issue they face in their daily lives. Her coaching is reflected in the choices we now see them making. I appreciate the efforts she takes to make a difference in their lives.

Caroline is a definite asset to any organization, community or society. I, my business colleagues and family have complete confidence in recommending Caroline to an organization that is looking to transform the world.
